

## PRODUCT DATA SHEET

### PRODUCT OVERVIEW

All Rexel Products use premium quality steel and have been imparted corrosion resistance by a amorphous layer of iron phosphate. All tests conducted in Salt Spray Chamber have show good resistance at 500 hour (10 years for Indoor Use) Rexel cupboards can be assembled easily without any special skills. The Locks are available with master keys facility with 1000 key change combination.

ITEM CODE	<b>RXL303ST</b>
STEEL THICKNESS	0.6mm (0.8, 1.5mm- for stiffness / brackets)
SHELF LAD CAPACITY	40 KG
GLOSS LEVEL	30% TO 50%

### FEATURES

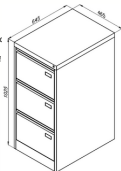

- Premium quality ball bearing slides for smooth drawer movement.
- Name card holder for each drawer
- Central locking system with chrome plated heavy duty lock
- Screw less design for easy assembling of drawer
- Compact Knock Down carton for more storage
