

PRODUCT DATA SHEET

STANDARD PRODUCT

PRODUCT OVERVIEW

All Rexel Products use premium quality steel and have been imparted corrosion resistance by a amorphous layer of iron phosphate. All tests conducted in Salt Spray Chamber have show good resistance at 500 hour (10 years for Indoor Use) Rexel cupboards can be assembled easily without any special skills. The Locks are available with master keys facility with 1000 key change combination.

ITEM CODE	RXL202ST
STEEL THICKNESS	0.6MM BEFORE POWDER COATING
GLOSS LEVEL	30% TO 50%

FEATURES

- Efficient and attractive air ventilators
- Sophisticated screw less design for easy assembly.
- Doors with concealed hinges
- Name card holder
